

Movement Matters

A Movement Album for Montessori Early Childhood Programs

by Melani A. Fuchs and Diane H. Craft (Paperback – 2012)

Audience

Educators in Montessori Early Childhood Programs

Learn how to implement movement experiences for children 2 ½ to 6 years of age in Montessori settings. This book gives educators the tools to

- Present Fundamental Movement lessons in the classroom and normalize movement practice into the environment,
- Create concrete movement materials to place on a Movement Shelf,
- Implement movement practice within a child's daily work cycle to enhance and support learning, and
- Successfully lead large group movement activities.

8 ½ x 11 • 230 pages

This fully illustrated Montessori Movement Album includes

- 16 Fundamental Movement Lessons,
- 54 Large Group Activities, and
- 27 Lessons for Individual Work to place on the Movement Shelf.
